Ledbury MCC would like to thank all the riders yesterday, that gave a brilliant display of racing in all classes, in each and every race all day long, on what was a very hot and long day. 64 races completed just amazing, so thank you all very much for the tremendous effort. We hope you enjoyed your day racing with us and will return to do it again at some time during the season.

Special thanks as always to all our volunteers who work tirelessly to help us get meetings on, we could not do it without the help, so many thanks to each and everyone of you, as it was certainly a long and very hot day for everyone.

We wish those riders that took tumbles a speedy recovery from any injuries, and wish Rob Morgan all the best, and we hope your hospital stay is a short one.
